Application Form

From a very young age, Chris Kyle showed that he had a huge, tender heart and would reach out to the less fortunate individuals. Whenever Chris had a desire to achieve a goal, he would put everything he had into to doing just that. No matter how many people told him he could never accomplish the goal, when he made up his mind to achieve it, nothing would stop him. One goal Chris had was to become a Navy SEAL. In 1999 he entered the Navy and after completing boot camp and initial schooling, he began his SEAL training. He officially became a Navy SEAL in 2001 prior to 9/11. During his service as a Navy SEAL, he became the most lethal sniper in military history. This label was not what Chris was interested in. He would rather be known more for how many lives he had saved while doing his job. He did not like the awards, medals, and notoriety that came with his accomplishments. He wanted to be known for the strong character that he possessed.

CPO Chris Kyle possessed the characteristics of loyalty, honor, respect, truthfulness, and love for God, Country, and Family. He was a mountain of a man, not necessarily in stature, but in character and with a most humble heart. He was a leader, but not wanting the recognition of such. On February 2, 2013, Chris tragically lost his life while doing what he loved doing most, helping others. This scholarship will be awarded to a student possessing these same characteristics and wanting to pursue a career that will be a tribute to the standards that Chris possessed and stood for.
